**Conductor Oren Shevlin joins Heinz Holliger and the WDR  
Sinfonieorchester Köln to provide a very fine Volume 3  
of Audite's series of the Complete Symphonic Works of  
Robert Schumann**

The previous two volumes in this series have proved to be most impressive, putting this series on track to be one of the finest available. [...] Oren Shevlin matches the orchestra's sensitive entry bringing a lovely tone, full of feeling, rich and mellow. He provides a deep thoughtfulness together with a fine technique. [...] This is certainly amongst the finest performances of this concerto on record.
