BROADCAST Going Beyond Words

This week on ACDA Radio, host Stan Schmidt takes you to the Muri Abbey in Switzerland as we explore echoes of the Gabrieli brothers through the Missa in Labore Requies by Baroque composer Georg Muffat. Written in 1690, this piece utilizes a five “choir” concept — “choirs” here meaning ensembles, which include five trumpets with timpani, two cornets and three trombones, two violins and three viols, two four-part vocal choirs, and basso continuo. This is a magnificent work and his only surviving mass.
