The Strad (Joanne Talbot - 2017.11.01)

source: <https://www.thestrad.com/reviews/marc-co...>

Partnered by expressively sensitive orchestral playing from the Deutsches Symphonie-Orchester Berlin under Kirill Karabits, coupled with a beautifully clear resonant recording, there is simply everything to recommend in this performance. [...] This is undoubtedly one of the finest versions of this much-recorded work to date.
